Inclusivity

All recognized organizations at UCSB, including fraternities and sororities, are open to all students. Organizations are prohibited from discriminating on the basis of race, color, national origin, religion, sex, gender, gender expression, gender identity, pregnancy, physical or mental disability, medical condition (cancer-related or genetic characteristics), genetic information (including family medical history), ancestry, marital status, age, sexual orientation, citizenship, status as a protected veteran or service in the uniformed services.

Social fraternities and sororities, and organizations with federal Title IX exemptions, may limit membership by gender; however, UCSB expects that any student whose gender identity (i.e. an individual's personal sense of himself/herself as male or female or ambivalent) matches the sex/gender requirement of the organization shall be fully considered in recruitment and membership proceedings. Gender identity is to be defined by the individual participant. No participant shall be required to demonstrate that he/she is legally (per state or federal identification) or physically (physiologically) male or female to participate in recruitment or as a member.

Policies

UCSB maintains comprehensive policies for registered campus organizations including fraternities and sororities. The two documents that govern Fraternities & Sororities at UCSB are the Campus Regulations and the Statement of Relationship. Among other things, these documents outline expectations of social fraternities and sororities and their members, as well as prohibit the following behaviors:

- Hazing (any method of initiation or pre-initiation which causes, or is likely to cause, bodily danger, physical harm, or personal degradation or disgrace)
- Providing alcohol at recruitment or new member activities (or providing alcohol to underage members at chapter social events)
- Physical abuse, sexual assault, threats of violence, or other conduct that threatens health or safety
- Use, possession, sale, of illegal drugs
- Fraternalization with organizations that are on probation, unrecognized, and/or closed by the University or parent organization.

A Note about Unrecognized Organizations

The chapters listed in this handout are the currently recognized organizations at UCSB. Occasionally, organizations that are not recognized by or affiliated with the University operate in Isla Vista. Please keep in mind that unrecognized organizations may not fulfill the scholastic, educational, and service requirements of the University; furthermore, some of these organizations might be subject to University discipline due to violations of policy. Students should exercise extra caution engaging with such groups.

Please also keep in mind that there are some fraternal organizations that use Greek letters but have a career or honorary focus that are not on this list, but are recognized and in good standing. If you have any questions about the Professional Fraternity Council (PFC) and/or an organization, please contact Student Engagement and Leadership.
